PARIS, BOURBON COUNTY, KENTUCKY, TUESDAY, OCTOBER 22, 1918

INFLUENZA SITUATION LOOKS UNPROMISING.

While there is nothing of an alarming nature in the influenza in Paris, the fact remains, as stated to THE NEWS yesterday by a member of the local Board of Health, that Paris is far from being free of the disease. The best evidence of that fact is that the drugstores are almost swamped with orders for cold and "flu" remedies, together with prescriptions from physicians. These have kept the pharmacists busy day and night, and their files are full of prescriptions of that nature awaiting their turn to be filled.

Though the cases that have developed are in the main slight ones, there have been reported a number in a malignant form, and the danger is not yet passed. Physicians are doing all they can, and the Board of Health is doing likewise. The urgent need of co-operation of the people of Paris with the physicians and the Health Board is manifest. The rules and regulations regarding the disease should be carried out to the very limit. Every case that appears should be announced with a placard on the home where it is present. This has been demanded by the Board of Health, but not always observed. The strictest enforcement of the anti-spitting laws would help. Every individual should constitute himself a committee of one to warn violators of the anti-spitting ordinance. Leaves should not be burned, but placed in the barrels provided for them or hauled away. Everything that will contribute to helping the authorities so prevent any further spread of the disease should be cheerfully and willingly done by our people.

The State Board of Health has prohibited public funerals, yet people have gone to cemeteries, and have stood in the cold air with their heads uncovered, inviting thereby pneumonia and influenza. The Board has also rigorously prescribed that all bodies must be taken immediately to the undertaking establishments and from there to the cemeteries, where services may be held, with only the immediate members of the family present. This should be observed.

The seeming indifference of the people, not only toward preserving their individual health, but in regard to the danger of spreading pneumonia and kindred diseases throughout the country, has caused the local Board of Health to seriously consider issuing an order prohibiting anyone save members of the family to attend funerals. An order has been issued, which is being strictly complied with.

TWO WILLS PROBATED IN THE COUNTY COURT.

The last wills and testaments of Miss Sallie Neal and Mr. James H. Haggard, both of whom died in Paris recently, have been probated in the County Court before County Judge George Batterton.

The will of Miss Neal, after directing the payments of all just debts, funeral expenses, etc., devises the remainder of her estate equally to Mr. Hopson Lowry and his sister, Miss Bessie Lowry, both of Lexington, and Mrs. Ruby L. Arnsperger, of Paris, who are her nephew and niece. Mr. Will S. Arnsperger, named as administrator with the will annexed, qualified for the trust by furnishing bond in the sum of \$3,000, with his mother, Mrs. Ruby L. Arnsperger, as surety. The estate will be appraised by Clarence K. Thomas, George Doyle and Wm. T. Bryan.

By the terms of his will Mr. Haggard devises all his property, real, personal and mixed, to his widow, Mrs. Nannie J. Haggard. The will specified that the estate included real estate in Paris; 108 town lots in Texas. A farm on the Hawkins & Cummins pike, in Bourbon county, had been sold since the drawing of the will, which was dated December 19, 1914. Mrs. Haggard was named as executrix, and qualified as such with a bond of \$15,000 fixed by the Court, with no surety, the will dispensing with the same.

requiring all barbers to wear influenza masks over their faces while waiting on their customers.

In accordance with the order issued Saturday by the State Board of Health at the meeting held in Louisville, all the soft drink stands in Paris were closed from 6:30 p. m. to 6:30 a. m. Sunday. This condition will obtain every night until the ban is lifted. The order was not generally known until Sunday, when an official order was issued by the local Board, announcing the State Board's order.

The dread disease has been playing havoc in the mechanical department of this division of the Louisville & Nashville, with the result that a large number of men are down with it. There have been several deaths.

Wm. Lemaster, engineer on this division, died of the disease at Mayville, after a short illness. He also formerly resided in Paris and has a brother living here. Osaian Sprake, of Paris, engineer, who has been seriously ill with the disease at Corbin, was reported yesterday as being considerably improved.

IN THE SERVICE OF THEIR COUNTRY.

Millard Hornback, formerly of Paris, writes to Paris friends that he has arrived safely overseas as a member of the American Expeditionary Force.

Reports from Lieut. Raymen Jones, of North Middletown, stationed at Camp Meade, Md., and Private Carlton Jones, also of North Middletown, at Camp Taylor, state that they are convalescing from recent attacks of the Spanish influenza.

Mr. and Mrs. M. J. Lavin, of Paris, received a letter from their son Lawrence Lavin, at Camp Gordon, near Atlanta, Ga., stating that he had been promoted to the rank of First Lieutenant. He has been regimental bayonet instructor at Camp Gordon, for several months.

Miss Mary Fithian Hutchcraft, of Paris, who enlisted sometime ago in the canteen service of the Y. W. C. A. and United War Workers, has received orders from Cleveland to report to the headquarters at New York within ten days. She expects to leave immediately for duty overseas.

Private Emmett Fry, formerly of Kiserston, this county, writes his parents, Mr. and Mrs. James Fry, that he had made the overseas trip in safety and was then at a European port. Fry is a member of Company C, 149th Infantry, American Expeditionary Force.

Sergt. Y. H. Harrison, formerly of Paris, has arrived safely in France, according to messages recently received by friends in Paris. Sergt. Harrison is a member of the 326th Field Artillery, American Expeditionary Force. A Paris friend upon hearing of Sergt. Harrison's arrival "over there" remarked: "If we had an army of men as tall and as intelligent as Harrison, we could soon win the war. The Boches will wonder, 'Is that a sample of what America can produce?'"

A letter from Henry Tucker, formerly of Paris, to his mother, Mrs. Lucie Turney Tucker, in Cincinnati, states that "somewhere in France" he had the pleasure of meeting several Paris boys, one of the Link boys, Paul Brannon and Clarence Slicer. He stated that Frank McGinnis was at the same place, but much to his regret he missed seeing him. Tucker stated that when all these boys got together it was like a real old-fashioned Kentucky homecoming affair. He said the boys were in excellent health.

The Cincinnati Times-Star in a recent issue published an intensely interesting letter, written from the French-German battlefield by Lieut. Harding Woodall, recently of Covington. The article is mainly descriptive of the stirring and thrilling scenes when the Allies' artilleries went into action at the battle of Soissons, and the part played by the American gunners in our "first great battle." Lieut. Woodall is the only son of Mr. and Mrs. Frank Woodall, of Covington. His mother was Miss Tillie Brent, of Paris, the youngest sister of Mrs. Belle Brent Alexander, of Paris. His father died about three years ago. Lieut. Woodall volunteered at the beginning of the present world-war, and was sent to the Officers' Reserve Training Corps, at Ft. Oglethorpe, Ga., and later to Camp Robinson, near Sparta, Wisconsin. He was assigned to the Seventh Field Artillery, 1st Division, American E. F., with the rank of First Lieutenant.

Coulthard Fritts, former Parisian, is visiting his parents, Mr. and Mrs. Clark Fritts, in Lexington. Mr. Fritts is in the U. S. service, being stationed at Rochester, New York, in the aerial photography branch of the service. He is a graduate of Georgetown College, and formerly instructor in physics in the Urbana, Ill., High School. Mr. Fritts is the inventor of an improved high altitude lens used in taking photographs from aeroplanes and has been assigned to the Eastman Kodak Co.'s plant in Rochester to superintend the manufacture of the lenses.

Thornton Connell, son of Mr. and Mrs. John J. Connell, and Hiram Adair, member of the Students' Army Training Corps at the University of Kentucky, were sent Saturday night to the Machine Gun Officers' Training School at Camp Hancock, near Augusta, Georgia. Mr. Connell was formerly a student of the School of Journalism at the University of Kentucky and for some time was a reporter on the Lexington Herald, and Managing Editor of the Kentucky Kernel, the official publication of the University of Kentucky. Connell and Adair have the making of good soldiers, and we predict they will soon find promotion from the ranks.

Announcement was made Saturday by Capt. N. H. Royden, Commandant at Kentucky University, at Lexington, that he had received orders to send an unlimited number of his men to the infantry training camp at Ft. Pike, Arkansas. Orders were accordingly issued for all men on furlough to report to him immediately. This recalled several Paris boys who had been at home.

Four men from the training unit will be sent to Camp Hancock, Ga., within the next few days as candi-

GERMANY'S REPLY TO PRESIDENT'S NOTE REACHES WASHINGTON.

The German reply to President Wilson's note, the text of which was received in Washington yesterday by wireless, says Germany hopes the United States will approve no demand which would be irreconcilable with the honor of the German people and with the opening of the way to a peace of justice.

Germany protests against the reference of President Wilson to illegal and inhuman acts.

Denial is made that the German navy purposely destroyed life boats. The German Government proposes that the facts be cleared up by neutral commissions.

Germany has dispatched orders to submarine commanders precluding the torpedoing of passenger ships. The German Government suggests to President Wilson that an opportunity be brought about for fixing details of the evacuation of occupied territories.

A wireless version of the German reply to President Wilson reached the State Department at Washington yesterday. There will be no official comment until the official text is received.

The note as received by wireless in Washington will not be made public there nor will the officials discuss London dispatches describing its contents.

NOTICE TO PATRONS OF HOME TELEPHONE CO.

For the past week the service of the Paris Home Telephone Co., has been slightly demoralized, owing to the fact that several of our best operators have been on the sick list, and we have been unable to secure skilled operators to replace them. We have necessarily been compelled to do the best we could under the circumstances. We made every effort to secure operators from other places, but owing to the influenza scare, their parents would not permit them to leave home.

The public can appreciate the difficulties we are laboring under, while at the same time endeavoring to give the best service possible. Have patience and we will do the same. A green operator has her difficulties, too, so let's spread a little sympathy all around—for the company, its servants, and the public, and with co-operation and mutual understanding all things will work around to the ultimate good of all concerned.

PARIS HOME TELEPHONE CO.

dates for the officers training camp there in the machine gun corps. These four are Thornton Connell and Hiram T. Adair, of Paris, Bernard Mossinck, of Nicholasville, and Sergt. Cockrell, of Atlanta, Ga. Commandant Royden stated that it was unofficially, but very generally understood that the sudden summons of the Government to men for infantry training at Ft. Pike is on account of the huge gaps made in the fighting ranks by the influenza epidemic.

Lieut. Fennell W. Galloway, member of Co. D, 334th Infantry, American Expeditionary Force, wrote his mother, Mrs. Grant Galloway, of Paris, recently, announcing his presence on French soil, having made the Atlantic voyage in safety.

Mrs. Jesse Turney received a letter Sunday from her son, Private Andrew Jackson Turney, in France, stating that he was well and doing as well as could be expected. He is a member of the Engineer Detachment of the American Expeditionary Force.

Several Central Kentucky boys have recently received commissions as Second Lieutenants at the Artillery Central Officers' Training Camp at Camp Zachary Taylor. Among the fortunate ones was Frank L. McCarthy, of Lexington, a son of Mrs. P. I. McCarthy, formerly of Paris, and nephew of Miss Julia McCarthy, of Paris.

Dr. Sim Linville, of Spears, has received his commission as First Lieutenant in the Army Medical Corps, and has been assigned to duty at Camp Green, near Charlotte, N. C. Dr. J. T. Brown, of Paris, is stationed in the same service at the same place. Dr. Linville had been a medical practitioner in this county for several years before volunteering in the service of his country.

Clarence Buchanan, formerly with the Power Grocery Co., in this city, is now in the war zone, according to a letter received here by his parents, Mr. and Mrs. Charles Buchanan, announcing his safe arrival at a European port. Buchanan is a member of the Headquarters Company, 149th Infantry, and after leaving Camp Zachary Taylor, had for several months been stationed at Camp Shelby, Hattiesburg, Miss.

Lieut. Reuben B. Hutchcraft, Jr., of Paris, has been promoted in the service in France to the rank of Captain. Capt. Hutchcraft, who is with the famous Rainbow Division, American Expeditionary Force in France, writes to his parents, Mr. and Mrs. R. B. Hutchcraft, in this city, a few days ago telling of his promotion. In the note Capt. Hutchcraft added: "We have just pulled off the biggest show the Americans have been in yet. My boys covered themselves with glory."

THESE CITIZENS HELPED IN THE BIG CAMPAIGN.

The following is a list of the patriotic citizens who contributed to the advertising fund that paid for all the advertising used in the newspapers of Paris for the big campaign for the \$6,000,000,000 Fourth Liberty Loan. The citizens were solicited by the Publicity Committee and gave freely and willingly. One, two or three refused to give or settle when approached by the solicitors. The success in Bourbon in the big campaign was greatly assisted by the liberality of the advertising done by these patriotic citizens.

FOURTH LIBERTY LOAN SAID GREATLY OVERSUBSCRIBED.

Though definite figures are not yet tabulated, Treasury officials are confident that the six billion Liberty Loan has been greatly oversubscribed. Reports from all parts of the country indicate that huge last-hour subscriptions had been made to swell the already large total. It is estimated that more than 20,000,000 persons subscribed to the loan, the greatest popular response to any such movement in the history of the country.

Kentucky has exceeded her quota in the Fourth Liberty Loan campaign by five and a half million dollars and reports from several counties are incomplete. Both the Eastern and Western Districts went "over the top" by substantial amounts.

Employees of this division of the Louisville & Nashville purchased a total of \$195,000 worth of bonds. Of this amount Bourbon county was credited with a total of \$42,800 instead of \$35,000, as previously published. This would make Bourbon county's grand total \$951,800.00.

The report of Bourbon county's participation in the campaign, according to the statement given to the press Saturday night by County Chairman Buckner Woodford, shows a total subscription to the Fourth Loan amounting to \$951,800.00. The quota assigned the county was \$675,000. On the last day of the campaign the committee's report showed an oversubscription of \$286,000 beyond the quota. The loan was subscribed through the following banks:

Bourbon - Agricultural Bank & Trust Co.	\$277,850.00
Peoples' - Deposit Bank & Trust Co.	217,500.00
First National Bank	132,450.00
Farmers & Traders Bank	47,400.00
Deposit Bank, N. M.	
Town	86,300.00
Farmers' Bank, M'burg	82,000.00
Exchange Bank, M'burg	39,850.00
Farmers' Bank, Clintonville	
Employees L. & N. R. R. in Bourbon county (subscribed through the L. & N.)	42,800.00
Subscriptions by citizens of Bourbon County, payable through banks outside of the county	11,850.00
Total Subscriptions	\$951,800.00
